

BACKES & STRAUSS
London

London, 27th September 2011

THE REGENT PRINCESS

The Regent Princess debuts at The World Presentation of Haute Horlogerie & Jewellery at The Grimaldi Forum on Friday 29th September over three days.

A beautiful piece of jewellery, designed and crafted by masters. The unique skills of the watch maker, diamond polisher and jeweller have once again combined to create a fluid, strong, flexible hand crafted masterpiece. The bracelet is a true masterpiece of engineering. Each link is hand made; each diamond is handset and then joined together with the same exactitude and skill that goes to produce a Backes and Strauss watch. This elaborate but simple design, reminiscent of Backes & Strauss jewellery from the Victorian age has been restyled in a totally modern and practical way to enhance the glamour, strength and beauty of this Royal.
